Signing project begins on area highways

The Kansas Department of Transportation (KDOT) has started a sign replacement project on highways in Greenwood, Woodson, Elk, Butler and Lyon counties. High-performance signs are being installed along sections of U.S. 400, U.S. 54, K-99, K-249 and K-58. Traffic will occasionally be reduced to one lane on K-99 and K-58, with brief delays expected.

KDOT awarded the \$637,000 construction contract to KOMO Construction LLC/DBA A&H Co., Elko New Market, Minnesota. Work will continue through the spring months. Persons with questions may contact KDOT Iola Construction Manager Warren Ebberts at (620) 901-6549 or Public Affairs Manager Priscilla Petersen at (620) 902-6433. Check KDOT's updated traveler information website, www.Kandrive.org, for more highway condition and construction details.
